

MAD VICKY'S TEA GALLERY OPENS FOR BUSINESS 01 FEBRUARY 2008

FOR IMMEDIATE RELEASE
17 December 2007
Paris, FR

A LETTER FROM MAD VICKY:

Welcome to Vicky's mansion!
Come enjoy the marvels and marvel over the joy.
I present to you one of the greatest artists of our time,
Prince Leif Ritchey. He will present his splendor on
the occasion of the 14th day of February in the year 2008
to christen MadVicky's Gallery with friendly voodoo spawning fertiley
for years to come. I will serve you tea, MadVicky style.
Someone from Marriage Frere might spit it out directly in my
face but that's ok- it will be far too creamy and
rich for their sophisticated dirty water taste.
After the exhibition the gallery will slowly morph
into a multifunctional art space where objects can be
sold and worn for an array of prices: hand made items,
dresses, antiques, cigarettes... a tiny music
store of my personal favorites including bootlegs
you can't find anywhere else in the world.
Leif and Tooya will shop keep as the featured resident artists

for the first few months.
The rest is a mystery and
a surprise.

A LETTER FROM LEIF and TOOYA:

Hello, we are Leif and Tooya. We make clothes together. First we made clothes for each other, then for our friends and now for shops in America, Sweden, and Japan.

Next, we want to bring our clothes around the world in the form of a travelling store. We are inspired by the peddler, the tailor and the dressmaker. Our new stores will be part boutique part atelier and part fleamarket.

We believe that a new type of store is needed for a new type of clothing. Clothing that is made by hand and with care with the wearer's spirit and health in mind. Clothing that is about friendship, love and transformation.

Our clothes are made by us with organic, sustainable and recycled materials. We like organic and flowing shapes. We like clothing that is comfortable and soothing- that can be worn both to party and to sleep in.

For our time in Paris at Mad Vicky's tea shop we will first show Leif sculptures and paintings, then we will transform the space into a store for the new age.
